To register for these sports programs, call **650.342.5439** or please visit:

www.hillsboroughrecreation.com

- a. Once signed up for a sport, you will be notified when evaluations will be held, when rosters will be posted, and when the initial practices will occur through email, through our website, and the Recreation board.
- b. Once coaches have rosters with contact information, they will email an introduction to you, and give you their preseason practice schedule. This schedule will also be posted on the team Google Calendar on the website, and on the Recreation board.
- c. Once game schedules are completed (usually mid-second week of practices), coaches will get together to create a master list of practice times that coordinate with game schedules. This master practice schedule will be made available on our website via the team Google calendar. It will also be posted on the Recreation board.
- d. If you are not receiving any of this information, please email or call the Recreation office to make sure we have your current information.
